WE’VE ALL COME A VERY LONG WAY. BUT WE STILL HAVE WORK TO DO.

Thanks to the incredible support of our community, the future will change for over 721 children previously in foster care. Your investment allowed us to help them find their lifelong families. We continue to expand our services into different counties and strive to be known for our excellence in child welfare. YOU were the key to another successful year!

Since opening our doors in 1980, we have helped over 9,000 children find loving families through adoption. On average, we help 700 children a year find permanency through adoption.

Children in foster care who are able to remain within the safety net of their extended family experience reduced trauma and are assured a greater opportunity to thrive.

Offering this service to six counties allows us to make a meaningful difference in the lives of vulnerable children, helping keep them out of foster care and safely connected to family.

Our post-adoption programs provide services in eight counties, and 90% of families surveyed reported that due to the services we offer, they were successful with maintaining the stability and permanency of the children they had adopted.

99% of families surveyed reported a high level of satisfaction when receiving our services, which includes post adoption, kinship care, foster care and adoption.
