We are the change you want to see in the lives of children in foster care.

The support of our donors and community this last year helped change the lives of over 916 children by helping them find permanency through adoption or the chance to be placed with a relative instead of languishing in foster care. We continue to expand our services into different counties and strive to be known for our excellence in child welfare.

YOU were the key to another successful year!

ADDITIONAL SUPPORT THROUGH OUR KINSHIP SUPPORT SERVICE PROGRAMS.

CHILDREN IN FOSTER CARE BECAME PART OF LIFELONG FAMILIES THROUGH ADOPTION.

Since opening our doors in 1980, we have helped over 9,600 children find loving families through adoption. On average, we help 600 children a year find permanency through adoption.

CHILDREN IN FOSTER CARE WERE PLACED WITH THEIR RELATIVES.

Children in foster care who are able to remain within the safety net of their extended family experience reduced trauma and are assured a greater opportunity to thrive.

KINSHIP FAMILIES RECEIVED ADDITIONAL SUPPORT THROUGH OUR KINSHIP SUPPORT SERVICE PROGRAMS.

Offering this service to six counties allows us to make a meaningful difference in the lives of vulnerable children, helping keep them out of foster care and safely connected to family.

1,534 INDIVIDUAL LIVES WERE ENHANCED THROUGH POST-ADOPTION SUPPORTIVE SERVICES, INCLUDING FAMILY EVENTS, SUPPORT GROUPS AND TRAININGS.

Our post-adoption programs provide services in eighteen counties, and 100% of families surveyed reported that due to the services we offer, they were successful with maintaining the stability and permanency of the children they had adopted.

1,920 CHILDREN WERE SERVED THROUGH OUR ADOPTION PROGRAMS.

100% of families surveyed reported a high level of satisfaction when receiving our services, which includes post adoption, kinship care, foster care and adoption.

160 YOUTH HAVE HAD CONNECTIONS BUILT WITH THEIR FAMILIES OR PEOPLE THEY CARE ABOUT IN OUR FAMILY FINDING PROGRAM.

We conduct an exhaustive search for relatives and other people close to the child in foster care (i.e. godparents, family friends). The goal is to connect children to important people in their life, so they can build relationships and live with someone they know. 76 of these youth now live with their families or someone they care about.
