Dorothy and Robert DeBolt Scholarship
2017 Guidelines

Lilliput Families is pleased to announce this award in the name of the founders of AASK-Adopt A Special Kid, a foster-adoption agency that joined with Lilliput in 2014. The DeBolts raised 20 children, including 14 who were adopted. Holding a steadfast belief that all children are adoptable, the DeBolts were pioneers in promoting the adoption of children with a wide range of abilities and challenges. They founded AASK in 1973, helped establish other like agencies across the United States and effected positive legislation in support of adoptive families. Lilliput maintains the DeBolts’ philosophy and provides permanency services to youth from all over California.

1. Lilliput will, at minimum, award one $2,000 to $3,000 scholarship, in recognition of the value of independence and learning held by AASK’s Founders Dorothy and Robert DeBolt. Depending on fundraising success, the award amount may be higher and, in addition, runner up and honorable mention awards may also be conferred.

STUDENT AID REPORT

As part of your application for the Dorothy and Robert DeBolt Scholarship, you will need to submit a Student Aid Report (SAR), which you will receive after completing the FAFSA (Free Application for Federal Student Aid). You can submit the FAFSA starting January 1. FAFSAs are available from your local high school or any college Financial Aid Office. The fastest, easiest, and most convenient way to file a FAFSA is to apply online at www.FAFSA.ed.gov.

Before submitting your financial information along with the application, you and your family may want to find out about the College Cost Reduction and Access Act (HR 2669), which includes the Fostering Adoption to Further Student Achievement Act amendment. Under this law, youth adopted after their 13th birthday will not have to include their parents' income in the calculations for determining their need for financial aid. Eligibility for financial aid will be determined solely by the student's ability to pay.

If you were adopted after the age of 13, when you complete the FAFSA:

1. Answer YES to this question: **When the student was age 13 or older, was the student in foster care or a dependent or ward of the court?** (You will see text after this question clarifying which students should answer "Yes," including if the student is or was in foster care when he/she was age 13 or older, even if the student is no longer in foster care as of today.)

2. Answer NO to this question: **Do you want to include the student’s parents’ information?** (The law gives you the right to be considered an independent student and not include your parents’ income.)

A summary of the steps to completing the FAFSA are as follows:

1. **Collect your financial information. You will need:**
   - Your 2016 federal income tax return, and your parents’ 2016 federal income tax return, if you are considered a dependent (see above)
   - Your Social Security number
   - Your parents’ Social Security numbers, if you are dependent
   - Current bank statements and investment records
   - Untaxed income records for 2016 (Social Security benefits, welfare benefits, including Temporary Assistance for Needy Families (TANF) or General Assistance, or veterans benefits)
   - Your PIN number and a parent’s PIN number, if you are dependent
   - Your Alien Registration Number, if you are not a U.S. citizen

- continued -
2. Get a PIN (personal identification number)

If you don’t already have a PIN, apply for one at www.pin.ed.gov. You also may request a duplicate PIN or change your PIN at the same website. Your PIN may be used to access, complete, sign and submit your 2016-17 FAFSA electronically. You can also use it to correct any errors that you made while filling out your application. If you are a dependent student, your parents should also apply for a PIN so that they can electronically sign your FAFSA. If you provide an email address, you may receive a PIN within 3 days. Otherwise, you will receive your PIN by regular mail within 7 to 10 days.

3. Complete the FAFSA on the Web Worksheet.

The FAFSA on the Web Worksheet is available on the web at www.FAFSA.ed.gov. You may also obtain it from your high school or from the Financial Aid Office. By completing this worksheet ahead of time, you will have all of your information ready when you are ready to file your FAFSA. Use the documents you have collected (tax returns or W-2 forms, asset information, bank statements, records of untaxed income, etc.) to assist you in completing the form.

4. Complete the FAFSA.

Follow the on-screen instructions to fill out the FAFSA. Once your have completed your application, review your answers carefully and make any corrections if necessary before submitting it. Be sure to sign your FAFSA! You can sign electronically with your PIN number, print out a paper signature page to sign and mail in, or wait for a signature page to arrive in the mail if you do not have a printer. Using a PIN number to sign electronically is the fastest, and will avoid delays in processing your financial aid application.

Do NOT wait to file until after a tax return has been filed. It’s easier to complete your FAFSA if you have already filed your federal tax return, but if you haven’t, it’s more important to use estimates from last year’s tax return and update them later rather than miss a deadline.

5. Review your Student Aid Report and make any necessary corrections

Approximately three weeks after filing your FAFSA, you will receive a blue Student Aid Report summarizing the information reported on your application. If you filed online and provided an email address, you will receive your SAR via email.

6. SUBMIT YOUR STUDENT AID REPORT ALONG WITH YOUR DOROTHY AND ROBERT DEBOLT SCHOLARSHIP APPLICATION.

Be sure you are sending the SAR you have received summarizing the financial information on your application. Your SAR should show the EFC (Expected Family Contribution).

FOSTER CARE and ADOPTION Status Verification

Please note long-term foster care and legal guardianship do not qualify. Applicants must have been ADOPTED from the CALIFORNIA FOSTER CARE SYSTEM (after having been a dependent of the juvenile court). Kinship adoptions qualify provided that applicant was a dependent of the juvenile court prior to being adopted by relative/s. There are two ways to provide verification of this status:

1. Ask your adoptive parents for copies of your
   - foster care placement agreement
   AND
   - adoption decree signed by a judge and file-marked by the county clerk of the county in which the adoption finalized.

   Attach the above two documents to your application.

   - OR –

2. If the above documents are not available, a social worker from the county, state or private agency that handled the foster care and adoption must provide a brief signed letter on official letterhead verifying your legal ADOPTION from FOSTER CARE in California. The applicant will need to request this verification directly from the appropriate agency; you may want to provide this form to such agency. Please note that if you need to contact a social worker for verification, it would be best to do so as soon as possible, as the agency or department may not respond quickly.

   The social worker’s letter should include dates of foster placement AND adoption finalization. The envelope for this letter should be sealed and the social worker’s name written across the outside flap in a manner that indicates the envelope cannot be opened without damaging the signature, and postmarked by May 31.

   Please return the documents in item #1 or item #2 above, not this form. If you need to contact a social worker, this would be helpful information to provide to him or her:
